SCHOOL INTENT**Rutlish School: Curriculum Intent**

Rutlish School provides a meaningful, broad and balanced curriculum which is accessible to all, as well as supports and challenges all students. Through all we do, we prepare students for opportunities, responsibilities and experiences later in life for them to be aware of their responsibilities and feel confident to participate and contribute to society. We aim to inspire, enable and facilitate lifelong learners that build on their individual strengths and capabilities and achieve their ambitions. We seek to support our students in becoming healthy, happy, successful modern people young adults, who are knowledgeable, kind, aware, confident, capable and skilful members of society.

The school aims to:

- ensure that the curriculum is designed for every student of every ability and every background to be supported in making the best possible progress and attainment from their starting point; all students can access the curriculum offer, with planning and teaching that support, stretch and challenge all learners across a full range of abilities, and making any reasonable adjustments required where particular needs are identified;
- provide a curriculum that is sequenced to build skills and knowledge throughout students' time at Rutlish School, to promote a deeper understanding of the world outside the classroom and equip them for their next steps in education, careers and in life;
- ensure that our curriculum offer support different educational and career pathways, including EBACC and vocational;
- ensure our curriculum consistently promotes high moral standards, social and self-awareness and allows students to formulate informed opinions on social issues such as, equality, diversity and inclusivity as well as the practical aspects of society;
- enrich the curriculum and provide opportunities for students to build cultural capital, enhance a wide range of skills and knowledge beyond requirements of the national curriculum, and personalise and apply learning in other contexts;
- provide students with the skills and knowledge necessary to becoming independent, analytical, critical, and innovative thinkers and encourage students' curiosity, creativity, self-expression, resilience, and confidence;
- provide consistent opportunities for students to develop and enhance their reading skills, and support is provided to ensure all students are able to access the curriculum.

DEPARTMENT INTENT

The MFL department at Rutlish strives to develop a love of languages amongst students. We offer an engaging curriculum that helps to develop intercultural awareness alongside linguist ability. Our students understand the importance of learning a language, which is communicated through areas of the curriculum as well as through teachers' experience and options assemblies.

MFL lessons at Rutlish are dynamic and lively with students actively engaged and enjoying their learning. We ensure all abilities of MFL students are successful by carefully scaffolding learning activities for the less able and embedding challenges in lessons for the more able.

The skills learnt in MFL lessons can be applied to many other areas of the curriculum, for instance developing both the ability to coherently express and justify an opinion as well as the understanding of grammar and how language works. The MFL curriculum builds students' confidence and helps them to become strong communicators, which is vital for their future studies and working life. Furthermore, the MFL department supports students in developing a strong work ethic through setting consistently high standards.

Trips abroad at both KS3 and KS4 are available to all MFL students and offer the opportunity to put their language skills into practice whilst learning about the culture of the country visited. MFL students at KS5 are supported in applying for scholarships to spend extended periods of time abroad during which they develop international friendships and truly appreciate the value of their advanced language skills. As fluent speakers of the language studied, our previous A-level students have often continued to study languages at university or even enrolled in a university abroad. The combination of an engaging curriculum offered at school and the first-hand experience of using their language abroad encourages MFL students to become citizens of the world and opens their eyes to opportunities of travel and working and living abroad.

The curriculum we offer enables students to continually build on prior knowledge and rewards a continued effort in their language learning from their first day in year 7 up until the completion of their GCSE or A-level.

KEY STAGE 3 RATIONALE/ INTENT

- Creating enthusiasm and interest in languages through enabling students to be successful
- Ensuring students of all abilities acquire building blocks in terms of vocabulary and grammar to enable them to access the GCSE course. This is achieved through setting students, using foundation and higher resources and assessments as well as in class differentiation.
